## Response to Request by the Examiner for Sequence Listing Diskette

Sir:

During the Examiner's telephone conversation with Patrea Pabst on February 14, 2006, the Examiner requested that a request to transfer the sequence listing diskette from International Application No. PCT/US95/07721 be filed.

Pursuant to the Examiner's request, in accordance with 37 CFR 1.821(e), please use the computer readable form filed in International Application No. PCT/US95/07721, filed June 19, 1995, by Monty Krieger, Susan L. Acton, Alan Pearson and Attilio Rigotti as the computer readable form for the above-identified application. The paper copy of the Sequence Listing in the above-identified application is identical to the computer readable copy of the Sequence Listing filed in International Application No. PCT/US95/07721. It is understood that the U.S. P.T.O. will make the necessary change in application number and filing date for the instant application. A paper copy of the Sequence Listing was included in the originally-filed specification of the instant application.

Response to Request by the Examiner for

Sequence Listing Diskette and Support for Inventorship

### Declaration under 37 C.F.R. § 1.821(f)

I declare that the material in the prior Sequence Listing is identical to the paper copy of the Sequence Listing present in the above-identified application, that the Sequence Listing does not add new matter to the application, and that all statements made on information and belief are believed to be true and further that these statements were made with the knowledge that willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Respectfully submitted,
